GAA Legend Oisin McConville talks about his life-changing Laser Eye Surgery at Optilase

My weekly routine over the last few years could include anything from watching games, playing in them, punditry and commentary on TV, writing my weekly article, training and coaching; all juggled with spending time with my wife and kids; so it's no wonder that I never had a chance to do anything about my eyes!

I have needed glasses or contact lenses since I was a child and have been conscious and aware of the restrictions of my sight. Luckily, in my playing days, I was able to get by without glasses or fiddly contact lenses but I always struggled and wondered what 20/20 vision would be like.

I'd heard of laser eye surgery but never really knew enough about it until I decided to take the proverbial bull by the horns and visit Optilase, next door to the Canal Court Hotel in Newry and see if I could get the treatment done (apparently not everyone can).

I chose Optilase after hearing some reassuring stories from both my friends and people in my work circle who had it done. After hearing that Optilase in Northern Ireland was the number one provider in Europe and second in the world in terms of completed treatments, the decision to proceed was an easy one – as there is no way I was taking any chances with my eyes, you only get one pair after all!

"If I could offer advice to anyone out there who wears specs, I'd say - get it done, and get it done now."

The Clinic at Optilase is more like a five Star Hotel and I was so at ease and very, very relaxed and therapeutic – absolutely beautiful and completely put me at ease. The staff there were wonderful and couldn't do any more for me.

So, after being fed and watered, I then spent my hour with the Optometrist. My consultation was free of charge and took around an hour. I filled out a simple form and met with my Optometrist who explained how the consultation would proceed and took me for some scans and pictures of my eyes and walked me through everything very thoroughly. I felt completely reassured and at ease throughout the process and very relaxed and informed.

Thankfully I was deemed a suitable candidate. The next step was to discuss price! I'm glad to report that there was no pushy sales pitch (that definitely would have put me off), just genuine interest in the best care for me and my eyes.

The 0% finance deal definitely made things easier! The decision was completely left to me so I paid my deposit and picked my date.

A big thing for me also was the reassurance of the Optilase Lifetime Care Guarantee. Basically Optilase looks after and treats my vision for the rest of my days, even if I needed re-treatment further down the line, at no extra cost, however much is needed.

I've got to admit that the day before surgery, I was a little nervous. I went to the Optilase in Belfast (in front of the City hall) for my treatment. The place was stunning, relaxing and calming. There were a lot of people there that day who felt the same as me and completely at ease – I was actually looking forward to this!

After I completed my paperwork, I met with my Surgeon and Medical Director, Mr. Wayne Crewe Brown who spent half an hour talking me through my treatment. I felt completely re-assured also considering he has performed more than 40,000 of these treatments!

The best treatment for me was Lasik - which is one of the most popular laser procedures in the world, with the quickest recovery time. Dr Crewe-Brown felt that it was best for me and my eyes and after his thorough explanation, so did I.

The actual surgery itself was over within minutes and I quickly realised there was no reason for me to have been nervous. The Surgeon was fantastic and talked me through each part of the procedure and the Nursing and Care team were second to none.

There was no pain during surgery, a question I have been asked by almost everyone since my treatment! There are so many myths out there about laser eye treatments that simply are not true – I've had much worse days out at the dentist!

After surgery my eyes were sore initially, a sensation I compare to what I experience after cutting raw onions. My eyes watered and I had to wear sunglasses to protect my eyes from the bright light when I left the clinic. I was prepared for this and told just what to expect. Later that evening, I had a mild headache – nothing that two painkillers couldn't sort and along with plenty of water – I had a great night's sleep.

Following the advice from the team at Optilase I went home and relaxed and when I woke in the morning, life had taken on a whole new perspective. Being able to see so clearly without glasses was the strangest feeling ever, absolutely fantastic and I was more than a bit emotional, I don't mind admitting. It was actually unreal how good it was!

If I could offer advice to anyone out there who wears specs, I'd say - get it done, and get it done now. I only wish I had it done years ago. Go see for yourself. My biggest regret is not having it done sooner and thinking about some of those wides I hit!

Call up Optilase and see at least if you are suitable for treatment. I'm glad I did. It won't cost you anything as it's free to find out so why not?

FIRST BIRTHDAY CELEBRATIONS!

BEYOND VANITY CELEBRATES HIGHLY SUCCESSFUL FIRST YEAR IN BUSINESS

Beyond Vanity Hair and Beauty Salon in Newry is celebrating its First Birthday this month. And what a busy and successful first year it has been for the Award Winning Salon.

Beyond Vanity moved to using Wella Colour and Styling Products in May and since then the business hasn't looked back with satisfied customers flocking for styling and treatments on a regular basis.

Owner Sonya Donnelly has invested heavily in staff training, and the up-skilling of the team has been at the heart of the Beyond Vanity success story. She said: "Two of the senior stylists are currently training as Wella Colour Experts and on their graduation will be members of the first salon in Northern Ireland to have two Wella Colour Experts on hand and this will further underpin the success of the growing Colouring business at Beyond Vanity.

"Currently, we offer five methods of hair extension application and have recently adding the new "taped" in hair extensions to our list of services, which is the latest technique in hair extension application.

We are looking forward to introducing the micro loop extension in the very near future.

"We launched Illumina Hair Colour, Wella's latest in colour innovation in May and is proved popular with our clients as it gives 100% coverage, superior light reflection and protection. The results are amazing and everyone who has tried it loves it.

"We have Monthly Specials on treatments and styling throughout the year and our weekly Blowdry Specials are available every Monday & Tuesday."

The team at Beyond Vanity are picking up awards and qualifications on a regular basis. Beyond Vanity was shortlisted for the Newry Business Awards and was awarded the prestigious 5 Stars by The Good Salon Guide. Recently the beauty therapists have qualified in the new and exciting Ilah Brows eyebrow extensions treatment and this has just been launched in the salon.

The Beauty Treatment element of the business has always been central to the quality service clients have come to expect at Beyond Vanity.

Sonya added: "Ann our manageress is our

Dermalogica Expert, she is the most qualified demalogica therapist in Northern Ireland and her wealth of skin care knowledge means that when clients come here for a facial treatment they enjoy impressive results with Ann's expertise. We also hold regular Botox clinics and these have also proved extremely popular."

The experience at Beyond Vanity is one of a stress free environment where clients can enjoy a coffee and are given an ipad to browse during their treatments. Weddings are an important part of the fabric of the expertise at Beyond Vanity, as Sonya explained: "At Beyond Vanity we realise how important your Wedding Day is and we strive to have your Wedding Party and yourself looking the best. We would encourage any bride to be contact us to arrange a free consultation to discuss their needs."

Beyond Vanity has played its part in the local community throughout its first year. Sonya said: "Being part of the community is central to all we do. We have held a Fashion Show in the Salon in aid of Newry Hospice and have taken part in Fashion Shows outside the Salon. We had had Customers Nights where we had make up lessons with wine and cheese and these were great craic and a great success. We also held several competitions throughout the year and these have gone down well."

Reflecting on a great first year Sonya added: "We strive for perfection and the turnover in repeat clients is amazing due to our excellent service, modern salon, highly trained staff and using all the best products. We thank all our customers for their support throughout the year and we would encourage new customers to come along and sample the Beyond Vanity experience for themselves."

Beyond Vanity is open 7 days a week with late night opening on Wednesday, Thursday and Friday and is open for Hair and Beauty treatments on Sunday.

The Salon is located at one of the busiest and convenient locations in Newry at The Fiveways and offers free parking so you can enjoy a stress-free treatment or styling without panicking about the traffic wardens. To book an appointment call 028 3027 8147 and follow Beyond Vanity on Facebook for the very latest news on treatments and appointment availability.

'Celebrating Belonging in the Community' 'Ag Ceiliúradh Muintearais sa Phobal'

St. Patrick's Festival, Newry City
Monday 17th March 2014

Every year thousands of people line the streets of Newry to view the annual St. Patrick's Day parade and take part in the celebrations.

No one should be disappointed with this year's entertainment that has been organised.

The festival celebrations will commence with the annual parade starting at 12 noon departing from the Quays Shopping & Leisure Centre (Albert Basin) to Buttercrane Quay, Francis Street, Patrick Street, Monaghan Street, Merchants Quay, Sugar Island, Kildare Street, finishing along Cathedral Quarter, Hill Street. (Vehicular floats disperse onto Water Street).

This year's festival theme is **'Celebrating Belonging in the Community'/'Ag Ceiliúradh Muintearais sa Phobal**,' and Newry & Mourne District Council are calling on all sections of the community across the greater Newry & Mourne area to get involved in this year's parade.

Play your part in making this year's St. Patrick's Day Celebrations in Newry City, the best ever

Whether you are a community, voluntarily, youth or sporting groups/associations, primary or secondary schools, arts & culture groups, marching bands or businesses, we want everyone to participate incorporating this year's theme. Excellent prizes awarded for best participants on the day.

Your organisation could take part in the following ways: • Entering a float • Walking in the parade representing your organisation • Walking in the parade in fancy dress • Arranging your own entertainment as part of the festival • Dressing shop windows and ensuring staff wear appropriate attire on the day. Excellent prizes awarded for best participants on the day.

Street entertainment in the events space, Cathedral Quarter includes: Newry's very own Newry Community Band and ever so popular Luv Bug and The Professionals.

Come along 'Say Hello Newry' and enjoy a free family fun day out

Headlining the main stage is Ireland's number one performer Declan Nerney and his band. The traditional Street Céili with Raymond Carroll Fear a'Ti will be performed in Margaret Square.

The Sean Hollywood Arts Centre will be a hive of activity providing traditional music and children's entertainment with food being served all day in Courtney's Restaurant.

Various events will be taking place in the Newry Variety Market, Newry Town Hall, Newry & Mourne Museum, along with entertainment in night time venues across the City Centre. Cullen's Funfair will be located St. Christopher's Park - see press for details. There will be ongoing children's street entertainment including cartoon characters; face painting, balloon modelling and The Fun House team will be in attendance with a 20ft Laser Tag Arena and Fun House Bouncy Castle.

Mayor's Address

As Mayor it gives me great pleasure to present this year's very impressive festival events programme for the 2014 St. Patrick's Day Celebrations in Newry City.

62nd Newry Drama Festival

20 - 29 March 2014

NEWRY TOWN HALL

NIGHTLY at 8.00pm

In association with the Quays Newry

Newry Drama Festival Committee met recently in the Canal Court Hotel to select the Plays which will comprise the 2014 Festival. Maureen Grant told the Advertiser that it had been a long and exciting meeting due to the fact that the committee received sixteen entries for the 10-night Festival - many of them from the "creme de la creme"of Amateur Drama Societies from North and South of the Border.

Chairman, Gerry McNulty, expressed his delight at the number of entries received and the heavy emphasis on Comedy.

After lengthy deliberations, it was agreed to extend the Festival to ten nights to facilitate one more Drama Group.

Theatre-goers will note that the 2014 Programme is mainly comedy and should provide many nights of fun and light entertainment.

Season tickets £40 for ten nights.

The Adjudicator is Michael O'Hara who will be making a return visit to Newry. He last adjudicated the Festival in 2008 and audiences will recall his enlightening and entertaining public adjudications.

Curtain-up will be at 8pm. Doors open at 7.30pm.

Coping with Panic Attacks

Anyone who has ever had a panic attack will relate to it as one of the most frightening experiences they have ever had. It can hit like a bolt of lightning, and for many people the panic can continue - sometimes on a daily basis. Some people can be reluctant to tell family or friends what they are going through. So they live in a hell of unbearable silent fear. Yet it can be so, so different. Modern developments in brain science have given us access to very practical tools for coping with and eliminating panic attacks completely. Let's take a look at what causes panic attacks.

Mark (32) was watching TV one night with his partner and two young children. Suddenly he felt his chest tightening. He found it increasingly hard to breath. He broke out in a cold sweat. He felt the room was closing in around him. His heart was pounding. He could not sit still, and felt faint when he stood up. He just wanted to "get out". He was terrified. He had never felt like this before. Mark was having his first full blown panic attack.

Mark's partner took him to A&E. The medics found nothing medically wrong. The next day his GP suggested he may have had a panic attack.

Paul Grant

Mark thought this unlikely as he did not think he was overly worried about anything. A few days later, after two more panic attacks and on the advice of his doctor, Mark went to see a Human Givens Psychotherapist.

When talking to the therapist Mark was astonished to realise the number of stressful changes that had taken place in his life over the last 24 months. He had a new job where his supervisor was setting him more and more difficult work. As a result he was working long hours, had little time for his kids, had frequent headaches and his relationship with his partner was strained.

The therapist explained the connection between the stress and the panic attacks and taught Mark some coping techniques during the very first session. The panic attacks stopped immediately, and in a few more sessions, Mark learned how to cope with the stress and be more assertive with his supervisor. He recovered completely.

Our bodies warn us when we are over worked, stressed or worrying too much. Sometimes we ignore the early warning signs. If we don't pay attention, and change our life style and/or learn some coping skills persistent worry, anxiety and panic attacks can result. When a person is having panic attacks the body is telling them that "they need immediate help!"

If you are anxious, and having panic attacks get in touch with Paul Grant, who is a Human Givens Psychotherapist at The Newry Clinic, Windsor Avenue. Panic attacks can be stopped completely, in most cases with 2-3 sessions of therapy.

To contact Paul for advice or to book and an appointment call, 028 3025 7708 or 077 3973 1424.

Are you tired of your reading glasses

thérapie CLINIC

Are you tired of being dependent on your reading glasses? How many times a day do you reach for them? How many times a day do you misplace them?

Career wise, a lot of wearers will tell you about the loss of confidence, worried about looking incompetent, not being able to read documents or carry out their regular daily tasks without fumbling around for reading glasses.

Presbyopia, this loss of our near vision as we get older is just a fact of life, like wrinkles or grey hair, there's no avoiding mother nature. We can however take action, just like taking steps to tackle wrinkles and grey hair; medical advances mean we have a choice and no longer have to rely on reading glasses. In a simple, pain free, non-invasive procedure, your younger vision can be restored.

Optilase offers this Reading Vision Correction treatment and has become the No 1 in Europe and incredibly 2rd in the world for the treatment.The procedure takes less than 10 minutes and is entirely painless. You can expect to return to your usual routines the very next day, free of tiresome reading glasses.

Brian Loughlin, from L/Derry had the Kamra treatment at Optilase and commented: "I had the Kamra treatment at Optilase last summer and it has absolutely changed my life. I used to need reading glasses to see anything up close, my mobile, computer, the newspaper. The treatment itself was absolutely painless and took less than 30 seconds per eye. Immediately afterwards, my reading vision was fantastic!
I no longer have to wear any sort of glasses. It really has changed not only my working life but the quality of my life altogether".

Optilase is located at Merchants Quay in Newry, Carlisle Road in L/Derry and Donegall Place in Belfast. Why not find out if you are a suitable candidate for this life-changing treatment? Contact Optilase on 08000 121 565. www.optilase.co.uk
